"An Art extraordinaire, Diana's edgy work earned her the nickname, "One Step Too Far". A master in her own right, she can body paint, airbrush, sketch, and even do graphic design for print and web. In fact, she'll outfit you with custom painted sneakers if you let her." ~ Jessica McKimmie (CEO Sneaker Academy)

Many people say I am a jack of all trades. I enjoy being creative, developing events within the community that leave a lasting impression, soccer, surfing, playing with my french bulldog, and spending time with friends and family. I have a great time in life but know when to be serious and get the job done. If you are looking for body painting, artwork, graphic designs, murals, or custom sneakers.
